

New Faces As We Strengthen Our Team!

As we continue to grow the practice, we are expanding our team to serve you better. Please welcome **Madhirima Nandi** and **Sangeeta Amudhan** to our front desk team.

In our stress testing lab we welcome **Nicole VonDeylen** who will be our nuclear technologist and **Alexandria Thompson** who will be our lead stress test tech along with our medical assistants.

HPPP - Preventing heart attacks, strokes and loss of limbs is a major focus of what we do. Identifying risk early allows one to make the necessary changes. Please **help someone you know** who is concerned about their heart health by considering this package which includes a **stress test, vascular imaging, rhythm analysis, coronary calcium score, blood tests, along with a 10 year and lifetime risk score**. No insurance is needed for this \$900 package that can be paid in up to 3 installments. Results are reviewed with Dr Singh and Taylor Mabe. *This program is not recommended for individuals having symptoms which can be addressed promptly by our office team.* To book your screening visit please call the office at 678-208-0165 or email Lindsey@nscardiology.com

TELE HEALTH – Medicare has extended telehealth services until the end of 2024! Unfortunately many commercial insurance companies post pandemic are no longer covering telehealth visits. We understand that this can be a very useful and convenient tool to review test results or get concerns addressed without the long drives or in office waits. We will therefore continue to offer telehealth visits at a self pay rate of \$75.

BILLING INVOICES – Corrected invoices will be sent out soon. If you have concerns or need clarification please don't hesitate to call. For all billing inquiries, please call our new number **678-695-8202**

Expanded hours for Dr Jason Reingold

NSC Cardiology is pleased to welcome Dr Jason Reingold to the practice. Dr Reingold has trained at some of the nation's top schools including University of Georgia, Emory University, University of California- San Francisco and Harvard University. He has practiced in the Atlanta region for over 8 years.

Dr Reingold's focus is on preventative cardiology and includes an innovative holistic heart program. He runs clinics out of both the Johns Creek office- suite 1402 and Cumming office- suite 345. With his rapid growth he will no longer be seeing pts in the Alpharetta office but has expanded clinic hours at the other two locations!

PHREESIA is Coming!

Electronic paper work, online booking, text messaging, on line payments, digital reminders will soon be an option for our patients. Please ensure we have your updated E-mail address and that you also have access to our patient portal. We hope these enhancements reduce your wait time, improve communication and enhance the overall clinic experience!
